President Jeri introduced our speaker, Sherry Taylor, Marketing Director for the Community Media Center ([www.carrollmediacenter.org](http://www.carrollmediacenter.org)) in Westminster, MD.

CMC provides public information/education for Carroll County residents via five TV channels and the Internet. The Community Calendar (Web) keeps you up to date on local events (fairs, festivals, workshops, meetings, etc.) and it is even possible to televise your announcements/information (Channel 19).

CMC has a mission to support a special “History Project”, recording the memories of older citizens, especially veterans and long-time residents, and is also planning a “Slice of Life”, featuring family recipes and including their background stories along with family photos.

The Center even provides the training and tools necessary to help you televise your actual events and meetings. Workshops are available monthly (learn to interview, operate cameras, and share information) and video cameras are available to sign out for individual projects. Memberships are \$25 for seniors (regular membership is \$40) for those who want to use the equipment. President Jeri presented Sherry with a Kiwanis pen.

\* Happy Can – Pat Norwood

\* Paul Browne handled the 50/50 drawing and Carole Baird won the draw.

\* Thought for the Day – Marion Taylor told a humorous anecdote about a preacher who needed donations from church members for church repairs. When he asked members to stand if they could donate \$100, the substitute organist began playing “The Star Spangled Banner” – he is now the regular organist! Also remember – BIBLE means “basic information before leaving earth”.

\* President Jeri adjourned the meeting...God Bless.
